JOINT ECONOMIC COMMITTEE

May 15, 2024

The Honorable Jeff Merkley
Chair
Subcommittee on Interior, Environment,
and Related Agencies
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Lisa Murkowski
Ranking Member
Subcommittee on Interior, Environment,
and Related Agencies
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

Dear Chair Merkley and Ranking Member Murkowski:

I certify that neither I nor my immediate family have a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2025 Senate Interior, Environment, and Related Agencies appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. I further certify that none of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Mark Kelly
United States Senator

**Kelly, Mark(D-AZ) Interior and Environment
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
City of Avondale	Avondale Flood Risk Management – This project will allow the City of Avondale to make investments in flood resiliency after suffering flood damage in 2022.	Avondale AZ	\$630
Town of Camp Verde	Camp Verde Water Well – This project will design and construct a new well for the Town of Camp Verde to increase overall water system production and enhance system resiliency.	Camp Verde AZ	\$2,000
Town of Chino Valley	Chino Valley Water and Sewer Project – This project will extend water and sewer lines to portions of the Town of Chino Valley that are currently served by well and septic systems, including the Town's commercial core.	Chino Valley AZ	\$1,200
Town of Colorado City	Colorado City Stormwater Project – This project will replace and upgrade an undersized storm water culvert to mitigate flood damage in downtown Colorado City.	Colorado City AZ	\$600
City of Douglas	Douglas Wastewater Lift Station – This project will construct a new wastewater lift station on the west side of Douglas to support the planned Douglas Commercial Land Port of Entry.	Douglas AZ	\$2,647
Town of Gilbert	Gilbert Water Wells – This project will enable the Town of Gilbert to drill a new water well to access stored groundwater and enhance the resiliency of the Town's water portfolio.	Gilbert AZ	\$850
Graham County	Graham County Reclaimed Water – This project will make infrastructure improvements to allow Graham County to use reclaimed water for county irrigation projects.	Graham County AZ	\$1,000
City of Kingman	Kingman Automated Meters Program – This project will allow the City of Kingman to replace 5,000 water meters with automated meters that better monitor water loss and improve efficiency.	Kingman AZ	\$2,500
Lake Havasu City	Lake Havasu City Water Main Replacement – This project will upgrade aging water mains in Lake Havasu City to prevent water loss and improve system efficiency.	Lake Havasu City AZ	\$2,000
City of Mesa	Mesa Sewer Replacement -- This project will rehabilitate a large diameter wastewater collection main within the City of Mesa.	Mesa AZ	\$1,500
City of Page	Page Water Treatment Plant Expansion - This will expand capacity of the Page Water Treatment Plant by increasing pumping and disinfection capacity in order to meet peak demands in a drought-stricken region.	Page AZ	\$3,000
Town of Parker	Parker Wastewater Project – This project will expand the capacity of the wastewater treatment plant that serves the needs of both the Town of Parker and the Colorado River Indian Tribes.	Parker AZ	\$4,000
Town of Patagonia	Patagonia Water Line Replacement – This project will replace water service lines in the Town of Patagonia that have reached the end of life.	Patagonia AZ	\$900
City of Peoria	Peoria Reclaimed Water Main – This project will connect two reclaimed water facilities in Peoria to enhance their resiliency and provide reclaimed water for industrial users.	Peoria AZ	\$3,000
City of Safford	Safford Water Storage Tank - This project will allow the City of Safford to install a new 200,000-gallon storage tank to increase the region's water supply and serve as critical resiliency in fire response situations.	Safford AZ	\$1,500
San Carlos Apache Tribe	San Carlos Apache Tribe Wastewater Treatment Plant - This project will rehabilitate the dilapidated San Carlos Wastewater Treatment Facility. The Wastewater Treatment Facility will service the districts of Seven Mile, Gilson Wash and Peridot on the San Carlos Apache Reservation in eastern Arizona.	San Carlos AZ	\$4,000
City of Show Low	Show Low Sewer Line - This project will allow the City of Show Low to upgrade a sewer line that carries about a quarter of the city's wastewater - and has reached capacity - in order to meet current and future needs.	Show Low AZ	\$1,920

City of Tolleson	Tolleson Water Treatment Plant – This project will design and construct a centralized water treatment facility for the City of Tolleson.	Tolleson AZ	\$4,000
City of Williams	Williams Wastewater Treatment Plant – This project will improve and expand the capacity of the existing wastewater treatment plant in the City of Williams to support current and future demand.	Williams AZ	\$5,000
City of Winslow	Winslow Storm Drain Improvements - This project will, for the first time, install storm drains in downtown Winslow.	Winslow AZ	\$2,480
